

KRUWI D/A JUNIOR HIGH SCHOOL,
POST OFFICE BOX 33,
SEKYERE – CENTRAL
NSUTA.
7TH JUNE, 2023

THE DIRECTOR
TURBO GHANA
UK

Dear Sir,

APPEAL FOR TOILET FACILITY AND ELECTRICITY

On behalf of the school staff, PTA, SMC and the Assembly of the community, we respectfully write to your noble office for consideration to;

- Build a toilet and washroom facility for the school,
- Extend electricity to the school.

Kruwi D/A JHS was established in 2005. From then, amenities that would enhance the smooth running of the school have remained neglected perennially. The school has been very famous in the district and has trained a lot of famous people in the district and beyond. It is obvious that, in this our contemporary world our school be well resourced to achieve its educational goals. The palpable reverberation due to lack of these infrastructure deficit are;

- Open defecation
- Spread of diseases like cholera, typhoid, dysentery, just to mention few
- Possible snake bite or scorpion sting, due to some students resorting to defecation in bushes around us
- Difficulty teaching ICT lessons, printing of text items, teaching scientific simulations, and the use of projectors in teaching, etc.
- Poor academic performance as students often vacate campus to attend natures call outside, and through that miss some contact hours.
- Truancy among students

Considering the challenges above, we would be very grateful if you would be benevolent to address these lasting challenges to alleviate the dire consequences.

We hope for a favorable and swift response in due course.

Thank you.

Yours faithfully,

Signed
