Dear Sir,

LETTER OF APRECIATION

I write on behalf of Odikuro, Assembly Man, Unit Committee Members, Head teacher and his staff and the entire Anyankomamu Community wish to express our sincere gratitude for your good intention to build teachers bungalow for the school.

The entire community are happy and prepared to give the necessary support through communal Labour.

That is providing water and do filling as well.

We are anticipating the early commencement of the project. It is our prayer that Turbo Ghana will continue to assist the school when the need arises.

Thank you.

Yours faithfully,

.....
